Car Boot Sales 2011

It is proposed to hold these sales on the following dates this year at the Club range.

10th April 2011
2nd May 2011
30th May 2011
29th August 2011

Help is required from as many members as possible, we can find a suitable job for everyone!!!

Please remember that this fund raising is essential to the club as it is the main source for the proposed indoor centre, and helps keep your fees down!!!

Club Indoor Championships

The Club's indoor championships will be shot on the same nights as the February league shoots, that being Wednesday the 9th February and Thursday 10th February 2011. These are shot on a handicap basis and therefore ALL archers including Novices and newer members have an equal chance, if not better chance of winning. We look forward to seeing as many members as possible on those two nights.

PLEASE CHECK YOUR EQUIPMENT

The clubs yellow fletching jig is still missing.

Please check to ensure that you have not borrowed it and forgotten to return it.

You will not be hung up by the thumbs!! but we would like it back for other members to use. Please check to see if it is with your kit.

Stafford Shoot over the Xmas break.

The Chairman would like to extend his and the committees thanks to all the members and the "ladies" that provided the refreshments at the above event and set up the field for the Stafford.

We were lucky that this year the weather was much better than the previous, and the archers from the Exeter Company of Archers that joined us, sent their thanks for the enjoyable morning.

Indoor Centre

Following on from the AGM, as you know we have managed to extend the Planning Permission for the Indoor Centre, and it has been decided that we should hold a meeting for all interested members to attend, with the intention of forming a project sub-committee to move this issue forward.

I attach an extract from the recent committee minutes:-

After discussion it was agreed to hold an "Open" meeting at the Clubhouse on 15th March 2011 at 7.30pm and to invite any interested member to attend. Following that meeting a small sub-committee would be formed to drive the project forward. At that meeting, the secretary would obtain from interested parties confirmation that they were prepared to serve on the sub-committee should they be invited to do so..

This is your opportunity to have an input into this exciting project, so please come along if you can and have any views on the project.

Setting up and taking down the Indoor equipment

It was discussed at the committee meeting that on occasions members were not always helping other other members in setting up and removal of Club equipment indoors.

It was agreed that members should be reminded of the following, which is only politeness,

Members should cease packing away or setting up their personal equipment at the beginning or end of a session if the

session has not started or has just ended and firstly help set up or take down, the necessary equipment in the gym. They may then resume dealing with their own kit.

"many hands make swift and light work!!!!!!"
