Archery GB National Series

Our FITA Weekend on 22/23 August has again been recognised as one of the premier events in the country! This year Archery GB are launching a new National Series for elite competition, based on gaining points at five selected shoots around the country and culminating in a Final at Lilleshall in October. Our FITA Weekend has been chosen as one of the five legs. This is certain to even further increase the interest in the shoot, and to attract more big names.
